Once completed, Program of Study is rolled to the next academic year, by intake, including upper semesters with each intake/cohort. PT and FT programs included. Report is done in Report Mode to determine any issues prior to the actual roll. All POS integrity queries should run with no results prior to the roll.	MAPS - Academic Planning > MAPS Program of Study > Program of Study Roll. (Integrity queries: MAPS - Academic Planning > MAPS Program of Study > Data Integrity Reports)
Curriculum	Delivery Data Issued to Programs/Schools	28-Feb-25	6-Jun-25	26-Sep-25	CO DC Liaison	Each program level and service course running within the term reviews the delivery information to ensure each course within the level runs according to specification. This includes new courses.	Program Delivery Review documents are developed using this query nav: FC_PROGVERIFICATION_REV as the starting point. Service course review documents also use FC_PROGVERIFICATION_BIP for this development stage. Files housed in OneDrive > Curriculum Team > Term > School and Program Folders > Program Delivery Review Excel spreadsheets
Curriculum	Delivery Data Due Back from Programs/Schools (Last day to submit minor curriculum change forms) . This includes submitting course details for any new courses.	7-Mar-25	4-Jul-25	24-Oct-25	CO Chair Program Coordinators	Delivery review is a comprehensive review of all delivery details at the course and program level. Service courses and off-cycle course offerings are also included in the delivery review. Enrollment/sectioning is NOT done via Delivery Review (see Program Sectioning). This includes new courses.	Files housed in OneDrive > Curriculum Team > Term > School and Program Folders > Program Delivery Review excel spreadsheets
Curriculum	Program sectioning/Cohort Enrollment Targets Completed (including off-cycle programs)	7-Mar-25	11-Jul-25	31-Oct-25	CO Chair	Enrollment levels are estimated based on planning numbers from the flowthrough term, i.e.. 1241 into 1245, new intake apps are typically planned as full sections until more concrete information becomes available. Ghosted sections may be created at this stage in the planning as well. Numbers determined by the Chairs in consultation with the COs (datasets considered when determining 'scheduling targets' and ghosted sections include 'Cap', 'Audit Target' (from Enroll Plan), previous year enrollment, and any environmental/political factors influencing enrollment. The determined 'Schedule Target' for each program and level, including any ghosted sections, is what COs actually build for in Course Loading. Annual Planning Cycle (APC) Critical Tasks and Dates 2025/2026 Description List

Category	Activity	Fall 2025 1259	Winter 2026 1261	Spring 2026 1265	Responsibility	Process Summary	Additional Notes, Links
Workloading	SWF Audit dates	31-Oct-25	2-Mar-26	29-Jun-26	AWSS	Original, OT and Audit SWFs to be sent to Payroll for Overtime payment processing.	Put in Union folder, send all copies of Faculty Signed Original SWF, Day 10, Audit plus the reports to Payroll SDATA > ACADEMIC WORKLOADS > SWFs - Evolve PDF Files
Workloading	Audit Reporting - Submitted to Payroll	3-Nov-25	2-Mar-26	6-Jul-26	AWSS		
Timetabling	Annual restriction approved by Chair and submitted to Restriction folder	5-May-25	8-Sep-25	19-Dec-25	AWSS Chair	Workloads are complete and faculty have been asked to send in their restrictions (these should be kept to a minimum) Workloads and restrictions should be assessed to ensure they match with hrs. and course delivery needs, before being placed into the Teams Restriction folder	i.e.. If a contract hire has a restriction form where they can only teach 5hrs, don't assign them to 10 i.e.. If a course has deliveries of 5-1hrs, but the faculty can only teach 3 days, this should be flagged at the planning stage. System is set up to schedule all deliveries on separate days Microsoft Teams -> Faculty Restrictions -> General: for TT to Process.
Timetabling	Data transfer - Instructor Assignment Final (including off-cycle programs) Addendums start for Instructor changes	13-May-25	22-Sep-25	7-Jan-26	Timetabling	A process by which professors that are assigned (Y) to deliveries in Instructor Assignment (Maps) are extracted from the SIS (Evolve/Peoplesoft) and imported (downloaded) into Scheduling Software (Timetabler)	Evolve>Curriculum Management>TPHi Interface TPHi>File>Import *Validations at each stage*
Timetabling	Timetable Committed in Preparation for Review - No new information is factored into the process over this timeframe until post verification changes	Jun 11 - 12	Oct 14 - 15	Feb 10 - 11	Timetabling Chair	A process by which the deliveries are "committed" or saved to the system, so academic blocks, courses and faculty timetables are produced/visible in Scheduling Software (Timetabler)	Scheduling software
Timetabling	Timetable Verification (including off-cycle programs)	Jun 19 - 23	Oct 22-23	Feb 19 - 20	AWSS Chair Timetabling	Schools verify the output against the program submitted data	Scheduling software output vs Evolve housed program data Each school uses their own process
Timetabling	Remove any staffing that should not upload to Evolve & create TBA if needed	23-Jun-25	23-Oct-25	20-Feb-26	AWSS Chair	TBA's are assigned by the school when Professor is unknown	This is the best guess for deliveries and is required in order to make a set of deliveries conflict free with one another. Naming convention (Professors have different types, which follow different scheduling rules, depending on their classification) Part time: TBA1_IDS Full time: TBA1_FT_SENRS
Timetabling	Post Verification Changes in consultation with TT (chairs need to be readily available)	Jun 24 - 27	Oct 24 - 28	Feb 23 - 25	Chair Timetabling	TT work through any approved changes	Change requests must not be contradictory to what is currently captured on the Timetabling Grids (i.e.. delivery needs)
Timetabling	Faculty Timetables available in Evolve (including off-cycle programs)	3-Jul-25	30-Oct-25	27-Feb-26	Timetabling IT	Term Timetable is uploaded from scheduling software (Timetabler) to SIS (Evolve/Peoplesoft)	At this point, any changes need to be kept congruent across both the SIS and the Timetabler database(s). This is a manual process once the upload occurs. Sometimes this could mean across 3 systems if the deliveries straddle across terms

Annual Planning Cycle (APC) Critical Tasks and Dates 2025/2026 Description List

Category	Activity	Fall 2025 1259	Winter 2026 1261	Spring 2026 1265	Responsibility	Process Summary	Additional Notes, Links
Timetabling	LMS Copy/Verification	3-Jul-25	30-Oct-25	27-Feb-26	Timetabling	A run control is created to automatically take the LMS Bucket from Course loading and populate it into the Basic Data page in Schedule of Classes (SoC)	Run Control ID is personal to each user Verification: Curriculum Management>Learning Management Systems>Reports>LMS Course Attribute Report
Timetabling	TT Handover to RO Week of	14-Jul-25	10-Nov-25	9-Mar-26	Timetabling	RO Specialists take the course block and the student block (program and cohort) and merge so students receive their timetable IF they have done their activity guide (commitment to pay fees)	This is the mass load process, then RO loads students individually after this initial load
Timetabling	Daily Enrolment Report is started	21-Jul-25	17-Nov-25	1-Mar-26	Timetabling Chair	The Daily Enrolment Report is sent so that chairs and specific leaders can watch numbers proactively. This is sent by daily email until 11th day of class. If schools wish others access, they can view it by looking at the report in the shared folder.	Report Tools>Student (CS) Reporting>Query>Schedule>Create a Run Control ID, which is personal to each user These spreadsheets are also saved in the following directory: S:\shared data\Academic Operation\Operations\Enrolment-Room Capacity Reports Alternatively, this is a query that anyone can run off menu.
Timetabling	Timetable planning process complete	18-Jul-25	14-Nov-25	16-Mar-26	Timetabling	Schedules are built and data has been handed over to RO to merge students to timetables. RO currently runs daily queries to catch new students
