ARTICULATION AGREEMENT

BETWEEN

Trent University (Trent)

AND

**Sir Sandford Fleming College of Applied Arts and Technology
(Fleming)**

Articulation Agreement to Fleming's Earth Resources Technician Co-
op Ontario College Diploma

February 2017

This agreement establishes the principles, guidelines, and procedures governing admission and assessment of selected qualified students to enter the Earth Resources Technician Co-op program, subsequent to the successful completion of Trent University's Bachelor of Science (Hons) in Environmental Geoscience.

The purpose of this agreement is to provide qualified graduates of Trent University's Bachelor of Science (Hons) in Environmental Geoscience with a seamless option for continuing their education at Fleming College in the Earth Resources Technician Co-op program.

RECRUITMENT AND MARKETING

Recruitment and marketing representatives and appropriate faculty and program coordinators at both institutions will be responsible for promoting the pathway, recruiting students and providing the necessary orientation as students move from one institution to the other.

STUDENTS

Through communication with Fleming College program faculty and orientation sessions, students will be advised to consult with their program coordinator(s) to ensure they are on track to successfully complete their program of study.

PROGRAM COORDINATORS

- Program coordinators or designates and their respective departments will be responsible for coordinating collaborative meetings to engage in ongoing discussions coordinate this agreement.
- Fleming College and Trent University program faculty will support incoming students by providing them with relevant information related to their program.

TRANSFER CREDIT

The Office of the Registrar at Fleming will be responsible for ensuring that eligible students be enrolled into the appropriate academic semester (4th semester).

TERMS AND CONDITIONS OF THE AGREEMENT

Bachelor of Science (Hons) in Environmental Geoscience to Earth Resources Technician Co-op: This agreement allows the above degree holders an opportunity to complete the Earth Resources Technician diploma program in just under one calendar year, in two (2) academic semesters and a Co-op. Eligible students will enter fourth (4th) semester curriculum of a 5-semester program. The Co-op will be completed only after a student has successfully completed all fourth (4th) and fifth (5th) semester academic requirements.

ADMISSION REQUIREMENTS

To qualify for admission, students must have:

- Successfully completed Trent University's Bachelor of Science (Hons) in Environmental Geoscience program;
- Make an application and submit all applicable documentation to Fleming College through OntarioColleges.ca by February 1st for admission the following October; and
- Students must meet all specific admission, enrollment standards and requirements for the program and will be accepted subject to capacity, if applicable.

PROGRAM AND GRADUATION REQUIREMENTS

To qualify for graduation, from the Earth Resources Technician Co-op program, students must have:

- Upon admission to the Earth Resources Technician Co-op program, students must satisfy all general education and program requirements as outlined by Fleming College. If a student does not have the foundation or skills to enroll in an upper level course because of a lack of the appropriate introductory course(s), any necessary prerequisite course(s) will be required.
- If a student transfers to a different diploma program, program standing outlined in this agreement will not apply to the new diploma program.
- The student must successfully complete all 4th and 5th semester academic requirements and the Co-op semester to be eligible for graduation from the Earth Resources Technician program

IMPLEMENTATION AND REVIEW

This agreement is subject to review whenever either party makes curricular changes that impact the agreement. When a change occurs, the program departments will notify their respective articulation designates so that the agreement can be updated. Articulation designates at each institution will review the agreement annually to ensure it is current. This Agreement may be terminated by either party. In this case, notice of one year is required and the termination request should be submitted in writing. In the event of termination of the Agreement, every effort will be made to ensure that students currently enrolled in the program will not be affected.

**Re: Suspension of the Ontario College Diploma in Geological Technician
(Earth Resources Technician) (ONCAT #4906)**

Dear Ms. Flude,

I wish to inform you of recent program changes. Fleming is committed to promoting excellence in the development, design, delivery, and ongoing review of its academic programs. Upon examination of various factors, such as enrollment demographics and the financial sustainability of program delivery, several evidence-based decisions have been made and supported by the Board of Governors.

Fleming hereby notifies you that the **Ontario College Diploma in Geological Technician** is suspended effective September 2023. The final cohort was admitted into the program in September 2022, and their natural graduation date is June 2024.

As per the Implementation and Review sections of the Fleming to Trent and Trent to Fleming Agreements:

Implementation and Review

This Agreement is subject to review whenever either party makes curricular changes that impact the Agreement. When a change occurs, the program departments will notify their respective articulation designates so that the Agreement can be updated. Articulation designates at each institution will review the Agreement annually to ensure it is current. This Agreement may be terminated by either party. In this case, notice of one year is required. In the event of termination of the Agreement, every effort will be made to ensure that students currently enrolled in the program will not be affected.

We thank you for your supporting the Geological Technician program. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Molly Westland".

Molly Westland, RN BScN MN
Associate Vice President, Academic Operations
