8th July 2019

Dear Carol

Letter of Recognition for Fleming College Fitness & Health Promotion and Recreation
Leisure Services Diplomas

Hartpury University welcomes applications from students of Fleming College, Ontario, for entry onto the one year BSc (Hons) Sports Performance 'top-up' programme delivered by Hartpury, from this date until 30th September 2024.

This replaces all previous Letters of Recognition issued to Fleming College. BSc (Hons) Sports Performance replaces BSc (Hons) Sport Studies for entry in the academic year commencing September 2020 and beyond. Applications for Sports Studies in 2019 will not be affected.

In order for Fleming College students to be guaranteed an offer of study on this programme, they must have achieved a passing grade in either the Fitness & Health Promotion Diploma or the Recreation & Leisure Services Diploma. They must also meet the other normal entry requirements for the Bachelor Degree, such as eligibility for a UK study visa and the ability to meet the tuition fee and other costs.

Applicants will be required to make an application through the University and Colleges Admissions Service (UCAS) unless otherwise directed by Hartpury University.

Hartpury University request that they are informed of any substantive changes that are made to the programmes named above in connection with content, delivery or modes of assessment as soon as these are identified. This will assist us in ensuring that programme compatibility and progression is maintained.

We very much look forward to working with Fleming College and continuing to welcome your graduates to Hartpury University in the future.

Yours sincerely

A handwritten signature in black ink, appearing to read "R. Marchant". The signature is fluid and cursive, with a long horizontal stroke at the end.

Russell Marchant
Vice-Chancellor & CEO
