

**Addendum to the Articulation Agreement between
OCAD University and Fleming College
2020-2022**

Proposal:

The articulation agreement between **Fleming College's Visual & Creative Arts Diploma** program and OCAD U's Bachelor of Fine Arts in Drawing & Painting, Photography, and Sculpture/Installation expired on June 15, 2019. The current agreement in **Drawing & Painting and Photography** will be extended as it is until August 31, 2022 (active for the 2020/21 & 2021/22 academic years) with the possibility of conducting a formal renewal when our curriculum is stable. **Sculpture/Installation has been removed because Fleming College's Sculpture specialist option is temporarily inactive.**

Attached are the revised Credit Equivalencies for Articulation (Appendices H, I, J) with revisions made to the courses granted in OCAD U's Faculty of Art programs to reflect first year curriculum changes since the agreement was signed in 2016. The number of credits has not changed.

Terms:

Upon signing the addendum, the agreement will be extended until August 31, 2022 (active for the 2020/21 & 2021/22 academic years) with the opportunity for annual evaluation and review.
