Re: Suspension of the Ontario College Advanced Diploma in Computer Engineering Technology

Dear Justine,

I wish to inform you of recent program changes. Fleming is committed to promoting excellence in the development, design, delivery, and ongoing review of its academic programs. Upon examination of various factors, such as enrollment demographics and the financial sustainability of program delivery, several evidence-based decisions have been made and supported by the Board of Governors.

Fleming hereby notifies you that the Ontario College Advanced Diploma in Computer Engineering Technology is suspended, effective September 2023. The final cohort was admitted into the program in September 2022, and their scheduled graduation date is June 2025.

We thank you for your supporting the program. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Molly Westland".

Molly Westland, RN BScN MN  
Associate Vice President, Academic Operations
