- 6.4. A total of 20 credits and an overall minimum Trent average of 65% is required to graduate with a Bachelor of Business Administration Degree Program with a Specialization in Accounting degree. Students from Fleming College are granted 10 transfer credits upon admission and are required to take additional credits to meet specific program and university requirements.
- 6.5. An overall average of at least 70% in all 5.5 credits required for the Accounting specialization must be met to be granted the specialization. This will be waived as the credits transferred from Fleming College will appear as a pass/fail on the transcript. Students will need to obtain a minimum 70% in the 0.5 credit (1 course) at the 3000 level or above of their choice from the required courses for the accounting specialization.
- 6.6. Departmental requirements state that ADMN 1021H, ADMN 2021H, ADMN 3021H and ADMN 3200H must be completed with a grade of 65% for Accounting specialization. This will be waived as the credits transferred from Fleming College will appear as a pass/fail on the transcript but a minimum grade of 65% is required in the equivalent courses completed through the diploma.
- 6.7. There is no maximum amount of ADMN courses a student can enroll in once a student at Trent University. Therefore, the 6.0 elective credits noted above can be taken within the Business Administration course catalogue if desired. If a student is working towards meeting the CPA-PREP modules, 2.5 of these credits will need to be CPA-PREP approved courses, as noted in section 6.8, and not general courses that are selected by students as electives. The chart following section 6.3 does not include CPA-PREP required courses in the degree requirement breakdown as this is optional for students and not required for the specialization in Accounting within the BBA program.
- 6.8. Trent University CPA-PREP approved courses, current as of September 2016, are noted below:
