Jeanne Mulder, MSc, PhD
BHSc Program Development Associate and
Adjunct Assistant Professor
Faculty of Health Sciences
Queen's University
99 University Avenue
Kingston, ON K7L 3N6

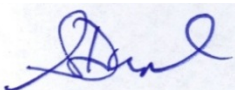

Dear Dr. Mulder:

Fleming College is pleased to work in partnership with Queen's University to develop a pathway from our Preparatory Health Sciences (PHS) Certificate program to Queen's Bachelor of Health Sciences (BHSc) online program.

This collaboration will provide students, who have successfully completed Fleming College's PHS program, the opportunity to enter a BHSc degree program with advance standing. In addition, Queen's online program option means that students can work from home without needing to relocate. The flexibility of Queen's program in conjunction with an official articulation agreement will ensure that our students have access to an outstanding pathway for future success and growth. We are looking forward to being a part of this collaboration.

In preparation for mapping the pathway, course outlines and descriptions will be sent to your attention in the near future. In the meantime, if you require additional information or details please do not hesitate to connect with Erin Kirk, Program Coordinator - Preparatory Health Science. You can reach her by phone 705.749.5530 ext. 1185 or email erin.kirk@flemingcollege.ca

Sincerely,

Sandra Dupret
Dean, General Arts and Sciences
