Education
Pathways

PATHWAY BOOK 2016/2017

Start with a college certificate or diploma

A wide range of transfer agreements allow you to start at Fleming College - to benefit from hands-on, applied learning - and then pursue another credential at Fleming or elsewhere. Fleming has articulation and credit transfer opportunities with Ontario, Canadian and international postsecondary institutions.

COUNTRIES

PARTNER INSTITUTIONS

EXTERNAL PATHWAYS

"I chose to go to school in Ireland because it allowed me to upgrade my education while being able to explore Europe and gain international experience at the same time! Fleming Pathways helped make a very easy transition to university!"

– Brad Lorefice, Hotel & Restaurant Management '16

Considering an international education?

Studying abroad allows you to experience different cultures and customs, further develop your independence, and make lifelong friends from different backgrounds. You may also spend your weekends traveling to different countries.

Fleming College has pathways to Australia, the UK, Ireland, and the United States. For example, you may experience Ireland and complete your business or hospitality degree in just one year. The Institute of Technology, Tralee is one of Ireland's leading educational choices. Fleming Business, Marketing, Hospitality, and Tourism – Global Travel graduates have the opportunity to complete a bachelor's degree in a related field in just one additional year of study.

FEATURE PATHWAY HARTPURY COLLEGE – GLOUCESTER, ENGLAND

Degree: Bachelor of Science degree in Sports Studies

Fleming Program(s): Recreation and Leisure Services, Fitness and Health Promotion

Hartpury College, one of the UK's leading land-based and sports colleges, allows alumni from Recreation and Leisure Services or Fitness and Health Promotion an opportunity to complete a Bachelor of Science in Sports Studies in one-year of study through their top-up program. "An international study experience can be life-changing and enriching," said Carol Kelsey, Dean of the School of Health and Wellness.

Keeping it local

Want to stay close to home? Fleming has many transfer options with Trent University to meet your academic aspirations. Trent University and Fleming College are committed to growing their long-standing partnership and mutual commitment towards student mobility.

FEATURE PATHWAY TRENT UNIVERSITY – PETERBOROUGH, ONTARIO

Degree: Bachelor of Education – Indigenous

Fleming Program(s): General Arts & Science – University Transfer

Trent and Fleming formalized a pathway in July of 2016 that allows eligible graduates of Fleming's General Arts and Science – University Transfer program advanced standing in the new Indigenous B.Ed. program at Trent.

Degree: Bachelor of Social Work
Fleming Program(s): Social Service Worker

Social Service Worker (SSW) alumni have an opportunity to stay local and complete their Bachelor of Social Work degree at Trent University. Fleming and Trent signed an articulation agreement to allow qualified Fleming SSW alumni entry into the second year of the degree program.

COMMITMENT TOWARDS INNOVATIVE PATHWAYS

Fleming continues to develop innovative and sector leading pathways in the environmental sector, trades and technology, the arts and more. For example, Visual and Creative Arts alumni can choose to continue their studies at top arts education institutions across Canada: Emily Carr University of Art + Design, Alberta College of Art and Design, OCAD University, NSCAD University, and Sheridan College.

FEATURE PATHWAY VANCOUVER ISLAND UNIVERSITY - NANAIMO, BRITISH COLUMBIA

Degree: Master of Geographic Information Systems Applications
Fleming Program(s): Geographic Information Systems - Applications or Cartographic Specialist

Vancouver Island University (VIU) and Fleming signed an agreement in May of 2016 that allows eligible graduates of Fleming's Geographic Information Systems (GIS) programs to enter the second year of VIU's Master of GIS Applications program (MGISA).

"This agreement is ground-breaking for Fleming College. Vancouver Island University has acknowledged our 10-month program as equivalent to one year at the master's degree level," said Linda Skilton, Dean of the School of Environmental and Natural Resource Sciences. "This pathway is extremely attractive to students as it reduces the time required to complete a graduate degree by one year. We believe this will pave the way for other universities to consider pursuing similar agreements with colleges."

Begin your journey

NEED HELP TO GET THERE?

We can help you build the skills you need to achieve your goal, regardless of your educational background. With our Pre-Health Sciences Pathway to Certificates and Diplomas program, you can improve your science skills to qualify for admission to a college health science certificate or diploma program.

The program will provide you with hands-on experience in biology and chemistry labs, and the confidence to succeed in your future certificate or diploma program. Further, depending upon your program choice, you can earn 2 to 6 credits towards your future program.

“General Arts and Science – College Health Science Option (GHS) was my first year of postsecondary education. It gave me background knowledge that was useful in the Paramedic program. [...] It was definitely the best decision for me – and it knocks off some of the work from the Paramedic course load.”

SECOND DIPLOMA OR POST-GRADUATE CERTIFICATE

With your Fleming College diploma, you may be eligible for one of our advanced standing diploma or post-graduate programs. Many Fleming programs offer an option to earn a related second diploma after completing your two-year diploma program, with two or three additional semesters of study.

ADVANCED STANDING DIPLOMA OPPORTUNITIES

- Business Administration -
- HumanResources Management
- Ecosystem Management Technology
- Educational Support
- Environmental Technician
- Police Foundations
- Recreation and Leisure Services
- Resources Drilling and Blasting
- Tourism - Global Travel

Post-graduate programs help you add specialized skills to your college diploma or university degree and give you an edge in the job market. For detailed information on our advanced standing and post-graduate options, visit flemingcollege.ca/postgrad.

IMPORTANT

Fleming College attempts to ensure accuracy and appropriateness of the content. However, it is your responsibility to confirm that the agreement information is current and applicable to your situation with the receiving institution. For more information, contact a pathways advisor at pathways@flemingcollege.ca

Updates to articulation agreements are constant and can occur throughout the year. For the most current information, please refer to our website at flemingcollege.ca/education-pathways

Consult ONTransfer.ca for additional transfer pathways within the Province of Ontario

EVENTS

The Education Pathways office is pleased to present our annual Education Pathways Fair. This is a great opportunity for Fleming students who are considering a degree to visit reps from Ontario, Canada and international institutions – all in one spot! We look forward to seeing you there.
