NOTE: If you do not elect coverage under any of the Extended Health Care plans at your retirement date, the Extended Health Care plans are no longer available to you at any future date with one exception. If you have waived the dental or extended health plan coverage because you are covered under the employer's group plan of your Spouse/Partner, you may join the College's retirees benefit plan within 31 days of completely losing access to the coverage under your Spouse's/Partner's plan. If there is access to retiree benefits plan through your Spouse/Partner's Plan, this would not constitute a loss of access to coverage. Proof of the loss of coverage will be required by your College Benefits Administrator.
