Benefits Coverage Updates

We are pleased to announce the following updates to your coverage under the Extended Health Care (EHC) benefit.

Medical Cannabis Coverage Extended to Include Chronic and Neuropathic Pain Conditions

Coverage for medical cannabis has been expanded to include chronic and neuropathic pain conditions. This offers more treatment options to manage pain, to improve quality of life and support long-term well-being.

To qualify for coverage, you must:

- Ask your doctor to complete Sun Life's updated Prior Authorization form confirming that standard treatment options, tried for a specific time, did not provide the expected health benefits.
- Ensure that the completed form meets Sun Life's coverage criteria.

Coverage for FreeStyle Libre 3 Plus

Effective March 1, 2026, the FreeStyle Libre 3 Plus Continuous Glucose Monitor (CGM) and related devices are now covered under the CAAT Group Insurance Plan. Claims for these devices can be submitted directly through the pharmacy.

Note: Claims incurred before March 1, 2026, are not eligible for reimbursement under the Plan.
