Location	Peterborough, Ontario	Full/Part Time	Full-Time
Regular/Temporary	Regular	Favorite Job	☆

What This Position is About:

Experience success at Fleming, where we provide a unique and innovative learning environment for our students. We take pride in offering students real world learning, available only through the recent, related work experiences that faculty bring. The rapidly expanding School of Trades and Technology has moved into its new home, The Kawartha Trades and Technology Centre, a brand new 87,000-square-foot trades and technology skills training facility which features state-of-the-art, sustainable shop facilities, smart-wired classrooms and labs with the newest technology.

We welcome applications from experienced professionals to deliver programming in our **computer technology and networking** courses. As a key member of the Trades and Technology team you will: provide academic leadership within teaching teams to ensure the consistent delivery of assigned courses; design, update and teach curriculum; and demonstrate teaching excellence through proven adaptability with diverse learners. Faculty are often required to teach in teams and you will play a key role by creating a learning environment that motivates and engages learners, using a variety of teaching methodologies and types of delivery, including lectures, labs, eLearning, and applied learning. You will contribute to cross-College discussions about curriculum, support our community integration initiatives and play an effective role in the delivery and design of current and future programming. Student assignments involve real world tasks and goals that are relevant to learner needs.

Due to year-round delivery of programs, this position may have teaching assigned through the summer and vacation will be taken at other times of the year.

For more details please see the Professor Definition and the Guidelines for Professional Practice – Faculty available at <http://flemingcollege.ca/about-fleming/careers-at-fleming>

Diversity

Sir Sandford Fleming College is committed to building an inclusive and accessible learning and working environment. We believe in and promote the rights of all persons with disabilities as enshrined in the **Canadian Charter of Rights and Freedoms**, the **Ontario Human Rights Code**, and the **Accessibility for Ontarians with Disabilities Act (AODA 2005)** and its related **Accessibility Standards Regulations**. To meet this commitment, Fleming College will make appropriate accommodations available throughout the recruitment, selection and/or assessment process to applicants with disabilities. If selected to participate in the recruitment, selection and/or assessment process, please inform our Human Resources staff of the nature of any accommodation(s) that you may require to ensure your equal participation.
