

Program: Recreation and Leisure Services (RLS)
Co-ordinator: Alex Smith Date: February 6th 2012

B. Curriculum Strengths and Challenges

Summarize the curriculum strengths and challenges identified by the team.

- **The 2009-10 Program Review has provided us with a strengthened curriculum and a mix of supporting courses that we are satisfied will meet the Provincial Standards of our Program, satisfy students, and meet employer needs .**
- ****Increased numbers of advanced standing students, combined with an enriched first semester curriculum indicates a need to implement a method of ensuring advanced standing students are meeting all the vocational outcomes of the program prior to graduation.**
- **Relative to KPI #11- Graduate Satisfaction, course initiatives in semester 111, and 1V need to be continued and expanded on to bring our performance in this area up to the system level.**
- **The Faculty Team need to complete another curriculum mapping exercise to ensure effective course delivery.**

C. Action Plan

Identify priority actions for the next year and the rationale for their inclusion. For each, indicate the project lead, and the proposed timelines for completion.

- **This Spring/Summer (2012) Develop an introduction / orientation package for advanced standing students for implementation in the Fall of 2012.To be completed by Alex Smith with Faculty Input. **THIS IS ESSENTIAL**
- **Increase supports to students in semester 111, and 1V around career planning and job locating through linkages with professional associations, and career counseling.**
- **Continue to support the Therapeutic Recreation initiative through BILD- Program Coordinator.**
- **In early spring (2012) the coordinator will organize a program mapping exercise for the program.**

D. Deferred Actions

Record any issues that will need to be monitored, researched, or deferred for future action.

- **This year enrollment is a key issue and needs to be monitored closely.**
