UNESCO Sustainability Framework

The 5 Elements of Sustainable Development:

People

End poverty and hunger in all forms and ensure dignity and equality.

Prosperity

Ensure prosperous and fulfilling lives and harmony with nature.

Peace

Foster peaceful, just and inclusive societies.

Partnership

Implement the agenda through solid global partnership.

Planet

Protect our planet's natural resources and climate for future generations.

Fleming's Sustainability Learning Outcome:

Explain the interconnections between the broad principles of sustainability which include human health and well-being, ecological health, social issues and secure livelihoods – in order to support a better world for all generations.
