COVID-19 Screening

Answering the following 6 self-screening questions *Read subtext carefully*

Bell 10:39 AM 76%

1. Within the last 24 hours, have you experienced any of following symptoms? (new and unexplained)

- Fever or chills
- New or worsening cough
- Shortness of breath
- Decreased taste or smell
- Unusual muscle aches (not related to COVID-19 vaccination)
- Unusual extreme tiredness

Please select.

2. Within the last 10 days, have you been identified as a "close contact" of someone who currently has COVID-19?

If Public Health has advised you that you do not need to self-isolate because you are FULLY VACCINATED (14 or more days since second dose), you should select "No."

Ensure you have answered all self-screening questions before clicking continue
