1.	Accessibility	01/10/18		<ul style="list-style-type: none"> • Accessibility Coordinator is available to students, along with Accessible Education Services. • Students are invited to attend Welcome Days workshop in July to set up accommodations. • A faculty guide for students with disabilities is being created. • A committee is working on getting inclusive design into classrooms. • Swipe cards should be available to students in certain labs. • Accessible washroom is available in C-wing. • Reviewed concerns regarding supports for a visually impaired student It has been confirmed the student received her books in alternate format on Sept 20. It needs to be noted that the books were available at the end of June, however, policy stipulates that the book in alternate format cannot be given to the student until the student has purchased the original book for translation. This was done in September although the student knew they were available in June. • Accessible washroom and door opener related to Massage Clinic is going to be addressed this Fall.

5.	Parking and sidewalk safety	01/10/18		Physical Resources would like to advise that starting October 2 our contractors will begin work on exterior landscaping of the A-Wing. This work will occur in two phases, each taking approximately one week for completion. During this time, safety fencing will be in place and modified temporary pedestrian walkways will be marked by pylons and fencing. As heavy equipment will be operating in the area, we ask that everyone use the marked pathways and be aware of your personal surroundings.																												
6.	Additional costs related to individual programs	01/10/18		Discussed with faculty. Response from Linda Reeds in Financial Aid forthcoming.
