

Fleming College

Annual Tuberculin Skin Testing (Mantoux)

As a returning student, if your placement occurs within a healthcare setting, a yearly one-step TB test is required. If your placement occurs outside of a healthcare setting, the need for an additional one-step test will be determined by your placement agency. Be sure that your TB test result (amount of induration) is measured in mm, "positive" or "negative" is not sufficient.

Keep this form for you records.

Follow the Non-Academic Requirements (NARS) directions for your program by either emailing the completed form to NARS or uploading it to Synergy (Verified)

Student Name (please print): _____ Birth Date: (mm/dd/yyyy) _____

Program: _____ Start Date: (mm/yyyy) _____ Student Number: _____

Record Date of Annual One-Step TB Test Below:

Date: Step #1	Date read:	Results in mm:
If Mantoux Positive: Chest x-ray required		
Chest x-ray required if Mantoux "Positive"		
Date of x-ray:	Result (include copy):
